## ▶ GERMAN LANGUAGE TRAINING

## ▶ GERMANY TRAINING

## SPEAKING GERMAN IN GERMANY IS AN ASSET

When you're living in Germany, obviously speaking German will make life a lot easier for you: shopping, going to the doctor, dealing with the authorities, etc. At work, your colleagues will be impressed by your efforts and you'll be in a favourable position.

Get more out of living and working in Germany. Your language trainer will help you get on a speaking par with Germans. Become fluent in German and enjoy developing a new skill for life!

## GET THE MOST OUT OF YOUR TIME

At Deutschpartner, we don't offer large groups where you don't get much of the teacher's attention. In Deutschpartner's private lessons and small groups, the teacher will focus on you individually. We will look exactly at your specific needs in:

### WORK LIFE

- Vocabulary for your line of business
- Small Talk
- Presentations
- HR, finance, workers' council etc.

### PRIVATE LIFE

- Shopping
- Consultation at the doctor
- Travelling etc.

### PRIVATE LESSONS - ONE ON ONE

In private lessons, we will discover your strengths and weaknesses and discuss training plans and methods with you. You will soon master difficulties that have always troubled you.

Private lessons are 100% flexible in time and place. If you want to get out of your busy office or noisy home, classes will take place in our quiet offices in picturesque Königstein. However, our trainers will also be happy to meet you at the work place or at home at no extra costs. Classes will be arranged very individually and can always be cancelled by noon the preceding working day.

### GROUP LESSONS – 3 TO 5 STUDENTS

Groups at Deutschpartner are so small that you will get plenty of opportunity to speak and raise your questions. The focus is much more on daily conversation than on grammar. If you can spare one or two mornings per week (90 mins each) and are interested in meeting other expatriates, you will like our groups. Plus, you don't have to book whole terms. You can always leave a group by the end of each month.

Groups usually take place in the Deutschpartner offices unless you would like to arrange a group for your employees at the company or for your friends at home.

## 2 DAY TRAINING: 'LIVING & WORKING IN GERMANY'

Have you ever wished somebody had told you about how trash should be separated in Germany? At last count, there are at least nine categories! Do you wonder why Germans stop their cars when there is a small street coming up on the right?

Deutschpartner's one or two days workshops for New-comers will prevent car accidents and fights with the garbage men. They are intended to facilitate living in a new country for you and your family.

### WHAT'S MORE, YOU WILL FIND OUT ALL ABOUT

- The German mindset
- The reasons behind German formality
- The secrets of 'du' and 'Sie'
- Why Germans are so direct and how to deal with it

### PLUS A MILLION TIPS FOR THE FRANKFURT REGION REGARDING:

- Shopping
- Restaurants
- Interesting places and trips for families
- Sports
- Festivals

For companies, business mentality will be included in the training.
